

## INVESTIGATIONS

Use your spreadsheet to do *at least two* 'what if' investigations such as on different points systems or categories.

(i) One of your 'what if' investigations must change an item of numerical **data**. Describe the purpose and result of this investigation.

### Examples

Change the Points Awarded for 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup>, to make the Vs Matches more competitive.

DATA before change	Data after change	Impact on final positions

(ii) The other 'what if' investigation must alter an existing **formula**. Describe the purpose and result of this investigation.

Formula before change	New formula	Impact on final positions
